

# Sanaullah Tareen

Data Science & ML

## Contact Details

- +92 325-5053691
- sanallahtareen.info@gmail.com
- Wah Cantt. Pakistan

## Education

- Bachelors of Science in Data Science**  
Pak Austria Fachhochschule  
Institute of Applied Science and Technology - Semester 6<sup>th</sup>

## Skills

- Python
- Exploratory Data Analysis
- Feature Engineering
- Data Modeling
- Data Analysis
- Data Visualization
- Statistics (normal)
- Algorithm Design
- Model Training
- Deep Learning (The Classification)
- Vibe Coding

## Certification

- SimpliLearn**
  - Introduction to Python
  - Introduction to Data Science
  - Applied Data Science
  - Programming Fundamental
  - Introduction to Data Model
  - Machine Learning using Python Language
  - Generative AI

## Summary

Experienced in Data Science & Machine Learning about 1+ Year of Experience and a passion of designing creative algorithms and developing cutting-edge AI Solution. Good in Python and as well as in Tensorflow, Leveraging Deep learning and now in way towards the Neural Network model training.

## Work Experience

### Forbidden Developers - 2024 - upto date

- Currently COO (Chief Operating Officer)
- Developed Machine Learning Solutions for variety of Clients including Health care utilizing the machine learning libraries like LSTM, XGBoost and Decision Tree Classifier
- Also got a hands on experience on different libraries like SkitLearn, Streamlit and other visualization libraries

### Developers Hub Cooperation - 2025 Internship - Remote

- Basics of the Python and Programming Fundamental.
- Get to know about the Deep Learning and Data Modeling in Microsoft PowerBI.
- Hands on experience on EDA, Data Visualization, Deep Learning & Model Development and Deployment.

## Reference

- Reference Available On Request
